Morning Y6. Have a go at this maths puzzle. Don't forget the order of operations!

Morning Year 6. Have a look at these short videos about electrical circuits then do some research of your own.

<https://m.youtube.com/watch?v=KYKVf6edvcA>

Have a look at this website Year6. There are lots of interactive maths activities for you to do. Try the prime number challenge.

Morning Year 6. Hope you are all keeping well. I found this on Pinterest this morning. It's a model showing how the tendons in your fingers work. I think it's a great idea. Have a go. You just need some cardboard, string and plastic straws.

I'd love to see some photos of the things that you have been doing during lockdown Year 6. Send us a message via Facebook or email together@damedorothy.org.uk and we'll make a Y6 gallery for FB 😊

Morning Year 6. Here's a word puzzle for you. Get your parents involved too. It's a bit of a challenge!
