

Home School Learning – Day 6

Year group	Reception
Teacher	Mrs Gibson
Date	18th January 2021

Good morning, Reception class. It's Monday morning and sadly we can't be together in school, but I have set you work to complete today. Have a go at the three lessons. If you have questions, please don't hesitate to use Tapestry to communicate with a member of the team. One of the team will be available to respond to any queries you may have via Tapestry throughout the day. If you finish the work here you could go online and play games on Letters and Sounds Phase 2 or use Doorway Letter and Number formation, like we do in class each day.

All of your teachers would be delighted to see your work. You can send us photographs on Tapestry. Happy learning, everyone!

Numeracy: This week we will be continuing to explore and master our understanding of numbers from 0-5. Miss Cooper at White Rose Maths has a fantastic video to help you learn all about counting up to 5. There is also an activity sheet attached for you to complete. When you have finished your worksheet, you can have a go at using the attached 5 frame to explore further (you could use them to count small objects such as, buttons, coins or small word figures. We have also attached a link to an online 5 frame with coloured counters. There is also a ladybird worksheet to help you represent number bond to 5.

[Letter Formation C](#)

There are also some great sheets to support your reading. Can you sound out each sound in the words? Can you read each of these sentences?

Understanding the World: This lesson today will focus on 'Hot and cold.' Miss Hughes at Oak Academy has a fantastic lesson for you. This includes taking part in a fun experiment and answering some questions. We would love to see how you complete this; please share what you have found out and any pictures and/ or Videos, on Tapestry. We have also attached a colouring worksheet for you to complete.
