

## Home School Learning – Day 18

<b>Year group</b>	<b>5</b>
<b>Teacher</b>	<b>Mrs Campion</b>
<b>Date</b>	<b>Wednesday 3<sup>rd</sup> February 2021</b>

Good morning everyone. Happy Wednesday to you all.

Well done for making it to the end of our multiplication and division topic of maths. Today we will finish it with an assessment like we would at school. What did you find easy, what do you need to work on?

It's open homework day for topic, but I have also included a ration book for you to make.

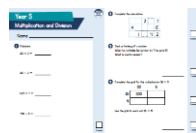

This is possibly my favourite chapter of our class novel, enjoy.

### Numeracy:

Flashback section of file - week 4, day 3.

We have made it to the end of multiplication and division, well done for all your hard work.

Turn to your Multiplication and division assessment pages.

Complete both sheets. I have provided the answers in your diary pack, how did you get on. As we would in school, send me a message about what you found easy or what you think we might need to work on again for misconceptions at [teacher@damedorothy.org.uk](mailto:teacher@damedorothy.org.uk) or you let me know in our morning Teams meeting.

### Literacy:

Read the chapter – Together, pages 180-195

Answer the reading comprehension sheet linked to the chapter. I have put the page numbers on to help you find the answers, as they can be tricky to find.

Warning

Have tissues ready for the last page of this chapter. Every year someone cries at it. It's brilliant but emotional!

### Topic Open homework afternoon,

This video is about evacuees and how they felt about leaving. They tell their views and talk as a grown up about what happened when they were children. Some very interesting facts. It links well to what happened to Olive and Cliff in Letters from a lighthouse.

#### True stories of an evacuee

I have included a ration book for you to cut and make for part of your topic project. It is interesting to see the tokens you had to hand in for different food groups. Fill it in as if it was your ration book. Research what happened if you lost your book, if I were you I would be very careful with it.

**Challenge:** Look at your spellings again, complete the rest of week 5's sheets. There is a word search and match up sheet. Remember to start learning them off by heart, ready for your test on Friday.
