

Home School Learning – Day 25

Year group	6
Teacher	Mrs Pearson
Date	Friday 12th February 2021

Morning everyone. I will be available to chat with you on Microsoft Teams from 9.30 – 10.30. If you have questions then post them to me and I'll be online to help. I can share my screen with you if you're really stuck on anything. We will be continuing with our new topic in maths today. If you finish the work here you always have TT Rockstars.

Numeracy: Today we will be watching the video 'Fractions to percentages' and then completing the corresponding worksheets in your file. This is an important skill when solving problems with money and measures.

Fractions to percentages

<https://vimeo.com/492449530>

Complete these worksheets in your file after you have watched the video. Feel free to watch the video as many times as you need.

Don't forget today's FLASHBACK 4

Spend 10 minutes on TT Rockstars to practise your quick recall of all the multiplication tables.

Literacy:

Today you are going to begin writing a journal entry in the role of Edward. Write the first draft in your home learning book. Remember to include Edward's thoughts and feelings about the situations he has found himself in. You could also include his hopes and dreams for the future.

Topic

For the next two days, I would like you to design a poster of facts all about global warming. Do it in rough first then you can use the A3 paper in the back of your topic section to create your finished work. Think about the audience and purpose of the poster.

Challenge: Write yourself a plan of some activities you could do over half term that takes account of the lockdown rules. Set yourself some goals to achieve over the next 7 days. Maybe it could be a 'making' project, daily exercise or cookery?
