

## Home School Learning – Day 1

<b>Year group</b>	<b>1</b>
<b>Teacher</b>	<b>Mrs Horn</b>
<b>Date</b>	<b>1<sup>st</sup> March 2021</b>

Good morning Year 1. Here are today's lessons. Have a go and see how you get on. I will be available to chat with you on Microsoft Teams at some point today. If you have questions then post them to me and I'll be online to help. If you finish the work here, you can always play on the games on the Topmarks website. Get busy and have a great day!

**Mental maths:** This week we will be learning to count in 5s up to 60. Watch the video then have a go at your worksheet.

**Literacy:** Today we will be working on our spellings for the week. Complete the worksheet, plus the extension activity, if you can manage it, and try your best to learn your spellings for a little test on Friday.

Worksheet 4

Extension activity: See if you can write some sentences using your new spelling words – maybe one sentence for each new word. Can you use 'and' and 'because' to extend your sentences and add a bit more detail?

**Numeracy:** Today we are beginning our new maths topic – length and height. Start with your Flashback 4 to recap things we have already done. Then watch the White Rose video and have a go at the activities in the video.

Extra activities – can you find some items around your house and order them from shortest to longest? What can you find that is longer than your hand? What can you find that is shorter than a cup?

**PE:** We would have normally had PE today but, don't worry, – Joe Wicks is back to help us out. You can find his video on Youtube – Joe Wicks PE with Joe.

See if you can complete today's workout and, remember, have lots of fun!

**Handwriting:** Monday means handwriting. It is really important that we keep practising our handwriting. Today's letter to practise is w for watch. Make sure you start at the top of the letter and work your way down and then back up and down again.

Worksheet 5

Come back tomorrow for Tuesday's tasks.
